DRAYTON VALLEY, ALBERTA

Formerly The Drayton Valley Banner

VOL. 1, NO. 8 OCTOBER 27, 1965 PRICE 10c

HALLOWE'EN SATURDAY

The Chamber of Commerce has urged citizens of Drayton Valley to celebrate Hallowe'en on Saturday, October 30th this year. In line with various other centers of the Province, the Chamber suggests that children begging treats and displaying costumes do so on Saturday evening rather than on Sunday.

Shown above are members of the Lutheran teaching group that visited Drayton Valley recently.

Council Committees For Ensuing Year

The new Council of the Town of Drayton Valley held its first meeting of the new legislation year on Monday morning the 25th of October, 1965. The two councillors-elect, Brian Gooding and Henry Shimbashi were duly sworn in and gave their oaths of office under Mayor Howard Pickup's able guidance.

In the course of the inaugural meeting the various members of Council were named to the standing committees for the next ensuing year as undernoted.

Finance, Personnel and Development - Chairman, Brian Gooding, F. Earl Thompson, Walter Krause; Public

Works and Utilities - F. Earl Thompson, Chairman, Harry Zolmer, Brian Gooding; Police, Fire and Civil Defense - Mary Burrows, Chairman, Harry Zolmer, Walter Krause; Health and Public Welfare - Henry Shimbashi, Chairman, Mary Burrows; Licensing - Howard W. Pickup, Chairman, W. G. Johannesson; Recreation and Community Services - Walter Krause, Chairman, Henry Shimbashi; Publicity - Harry Zolmer, Chairman, Henry Shimbashi; Stony Plain School Division #23 - Kevin Goble.

Accident Sunday

By Mrs. Barbara Schenk, Moon Lake Correspondent.

A single car accident on a country road north of Drayton Valley Sunday morning, October 24th sent two persons to hospital and injured two others less severely.

The car apparently turned over on Coil's Hill, three miles west of the transformer station on Highway 57.

Severely injured were Joyce Hallett, 15 of Round Valley and Jason Parker. Janice and Edward Hallett, younger brother and sister of Joyce, were less severely injured.

PLAN TAG DAY

Drayton Valley Athletic Association will hold a tag day on Friday and Saturday, October 29th and 30th.

Proceeds will go toward minor sports activity in Drayton Valley.

C.O.C. DECRIMES RECENT EVENT

Executive members of the Chamber of Commerce demand full investigation of events leading to unfavorable publicity given Drayton Valley by mass news media as a result of the football hassle.

"We don't know where responsibility begins or ends in this matter" says Chamber president Al Braden. "Every aspect of this incident together with a close look at our entire recreational program must be reviewed." The Chamber will not rest until underlying reasons for this type of conduct is eradicated.

Many thousands of dollars are spent by resident taxpayers annually to provide a recreational program. Citizens of Drayton Valley need a very clear answer as to the effect this program is having upon our youth, he said.

A.A.U.C. TO INVESTIGATE INCIDENT

The Amateur Athletic Union of Canada, Alberta Division, have accepted the request of Town Council to investigate the unfortunate happenings of the football game on Sunday the 17th of October.

At a meeting held on Sunday the 24th of October, the A.A.U.C. named Jim Parsons of Edmonton to conduct a probe into the whole incident and make a report on same.

FISH AND GAME MEETING

Regular monthly meeting of Pembina Fish and Game Association will be held on Thursday, October 28th at 8:00 p.m. sharp in the basement of Goliad Building.

Several films on fishing and hunting are to be shown at 8:00 p.m. and followed by the general meeting. Coffee and doughnuts will be served after the films.

Non-members are cordially invited.

President, Karl Degen, asks a large turnout of members as many important items are to be discussed for action.

Canadian geologists have received a dividend from the construction of a new CN rail line near Toronto.

A deep cut laid bare earth formations 100,000 years old containing plant fossils and extinct animal bones.

The cut is valuable to scientists because the layers of earth strata are complete from the present to the time of the second last ice age.

A Message From Town Council

Because of the obvious indignation of the people of Drayton Valley resulting from the disgraceful conduct following Sunday's "football" game between Drayton Valley Spartans and St. Albert Hercules, Council is directing this message to Drayton Valley citizens.

Concern is being expressed to Councillors from all quarters. Public indignation is high. (At last, the apathy of Drayton Valley residents is overcome.) It is deplored to us that it took something of this severity to awaken the people to action.

We are indeed grateful for the offers of witnesses to testify. This will help. It is important to see that appropriate action is taken to prevent a recurrence of this and the full intent is that it shall.

Our people have demanded action on the following points:

1. Complete investigation of all events leading up to the mainstreet brawl.
2. Effective action against instigators as well as participants in the occurrence, whether they be from St. Albert or Drayton Valley.

Seldom have our people expressed enough concern to be prepared to assist police in their investigation, but it appears that they have had enough and are now ready to be citizens in the fall sense. We wish to assure our citizens that Council has ordered swift and detailed investigation of this affair. The first report was received by Council Thursday morning. Further information is solicited from all who have any. Full details are not available as yet but they are shaping up quickly.

R.C.M.P. are cooperating fully.

Regardless of the final result of all this, several things are certain, and we would suggest to those who had any hand in perpetrating, instigating, or actual fighting, that you consider what has resulted from your actions.

1. Our recreational director states "Inter-community sports in Drayton Valley has been set back by four years. We have lost everything that we had built up in public relations, within a couple of hours on Sunday.
2. Parents of High School team in Stettler held a meeting and refused to permit their children to go to Drayton Valley.
3. Camrose has cancelled their slated game with our team in Drayton Valley.
4. Companies in the area have already experienced the whiplash from the incident. Prospective employees have declined to move their families to Drayton Valley.
5. A representative of the Stony Plain School Division was concerned, hoping time would erase the memory of the incident before it was necessary to search for teaching staff for Drayton Valley for 1966.

This town was born with more than its share of uncivilized ruffians. Gradually the environment became healthier. It has taken the Chamber of Commerce and Council and other working groups ten years to build a new image for our Town.

It is understandable and right that decent people should be concerned when this image is suddenly destroyed in one afternoon, across the whole province, by a group of irresponsible people whether from St. Albert or Drayton Valley.

The repercussions from this appear to be disappointingly widespread. Time will again eventually heal the wound caused by a gang of St. Albert ruffians meeting a gang of Drayton Valley ruffians on our main street, but now is the time to ensure that the action we take will effectively prevent a recurrence.

Where the blame will finally rest, we aren't sure. It appears that infractions of the Criminal Code have been committed by both sides.

D.V. HIGHLIGHTS

By Edith Debby

Walter Mastre was in town last week on his way to Cres-
ton for his mother's ninetieth
birthday celebrations.

Best wishes for a happy fu-
ture are extended to newly
weds, Mr. and Mrs. John
Janzen and Mr. and Mrs.
Jerry Bailer.

Mr. Harry Sutherland was
in town for a week visiting
his sons and their families.
Mr. Sutherland lives in Pictou
County, Nova Scotia. It was
his first time in Alberta. Be-
fore returning to Nova Scotia
he will see a third son now
living in Calgary.

Mrs. Bohdan Urchyshyn
entertained at her home in
honour of Miss Evelyn Kynoch
whose marriage to Mr. Jerry
Bailer was an event of Octo-
ber 23rd. Mrs. Scherger and
Mrs. MacDonald entertained

with games and contests of
various sorts. Miss Donna
Mastre and Miss Arlene Lilje
helped the bride-to-be open
her gifts. Mrs. Fred Berezow-
ski and Misses Haggerty and
Urchyshyn helped serve. The
Bailers will live in the Wet-
askiwin district.

Autumn is the time for
bazaars, it seems. The
Women's Institute will hold
its annual sale of articles
ranging from chiffon cakes to
dahlia roots. Mr. and Mrs.
Burrows have graciously of-
fered the use of their show
room. Saturday, October 30
at 2 o'clock is the date to
remember.

Imagine Mr. Walter Dur-
ham's surprise to find the top
of his kitchen table literally
covered with one dollar bills

Cont. on Page 2

D.V. Highlights

Cont. from Page 1

when he came home on Friday evening. It was Mrs. Durham's way of announcing that she had won at bingo.

Miss Edna Free is home again. Miss Free believes that life is short and should be filled with all the interesting experiences a girl can enjoy. She travelled extensively in Europe for several months then settled down to teach in London. Back in Canada she did some teaching then studied costume designing. Last winter she did fashion modelling for a world famous designer of women's clothes in San Francisco. At present she is selling World Book Encyclopedias while she decides what project will be next to claim her attention.

If you read the Saturday edition of the Edmonton Journal you know that Mr. William Glass, "Billy Glass" to many of us, is running for a seat in Edmonton West under the N.D.P. banner in the forthcoming federal election. As is often the case in newspaper reporting some of the facts were not as we know them. Perhaps it isn't important that Billy was born in Rocky Rapids, not Drayton Valley, and that his grade school education was obtained there. Billy was, and is, a brilliant student. Abilities such as his should be an asset to law making bodies and I'm sure all his other friends here join me in wishing him the best of luck on November 8th. No, we are not N.D.P. in politics, if you

were wondering.

Mr. and Mrs. Andrew Johnson will have an open house on Sunday, October 31st in honour of Mr. and Mrs. Nels Johnson who are celebrating their golden wedding anniversary. The Johnsons hope to see their friends on Sunday afternoon between the hours of 2 and 6.

Mrs. Cecil Wall is recover-

ing from an attack of pneumonia. At present Mrs. Wall is living with her daughter, Mrs. Austin LeBirk, in Edmonton.

The writer of this column will be most happy to have any items of news that you would care to see in the paper. Telephone 542-3451 after 6:00 p.m.

Keep your home safe from fire, don't give fire a place to start.

CHAMBER OF COMMERCE IMPROVEMENT WORKSHOPS

The Canadian Chamber of Commerce, in co-operation with the Alberta Chamber of Commerce, will conduct two Community Improvement Workshops in Central Alberta early in November. The first will be held in Olds on November 3rd, and the second in

Lacombe on November 10th.

Delegates will also receive the results of an extensive survey recently undertaken on behalf of the Canadian Chamber, dealing with "Public Attitudes Toward Canadian Business".

All communities in Central Alberta are welcome and urged to attend.

OCTOBER 27, 1965

Watch Out For Goblins

What was once a pagan festival characterized by the lighting of bonfires, has now become a day marked by children going abroad in the guise of ghosts or witches ringing doorbells and asking for Hallowe'en "trick or treat."

It is a time children love, but a time that can be dangerous. Excited children neglect to "stop, look and listen" before crossing the street and motorists should be extra attentive while driving Saturday evening. Many Hallowe'en masks have small eye holes that obscure a child's vision and these could add a further hazard.

As a further precaution, parents should be sure their children wear, or carry something white. White pillow cases are ideal for gathering Hallowe'en "loot."

The Alberta Optometric Association is opposed to masks with small eye holes and suggests creating goblin or ghost's faces with cold cream, lipstick, talcum powder and burnt cork.

Junction Needs Study

We've heard Chamber of Commerce comment on the hazards of the junction of Highways 16 and 57 for late night drivers and experienced it ourselves Saturday evening.

The entrance to No. 57 is completely hidden between the glare of lights from service stations on either side and it takes an alert driver (or one very familiar with the road) to avoid overshooting the mark. We did Saturday and had to circle through the station on the west and back out to the highway.

It's quite possible that a driver glimpsing the road at the last moment could attempt a turn and wind-up in the ditch. We understand it has happened in the past and probably will again, possibly with more serious consequences.

The road is adequately marked for daytime travel but it is something else again by night and should receive some attention by the Department of Highways.

Help For Youth

How far reaching is the conscience of Canadians concerning the world's youth? Does it extend to help given the con course of the world's children?

That is the function of UNICEF (United Nations Children's Fund); success in Canada depends upon the response of thinking citizens.

The first UNICEF effort provided milk for war-famished infants. But what purpose to save a life if the young body is ill-nourished, the mind un-productive, the ability to earn a living non-existent?

International UNICEF now devotes both planning and budgets to these ends -- mother and child clinics, basic foods, school equipment, hospital supplies, tools, fertilizer and seeds for local gardens previously impoverished.

On Hallowe'en, Canadians through UNICEF have an opportunity to quicken the conscience of our world towards the nameless, faceless children living in many lands.

NOTICE

The Division of Vocational Education, Alberta Department of Education, and the Drayton Valley Chamber of Commerce, with financial assistance from the Department of Labour, Ottawa, are co-sponsoring a course in:

BOOKKEEPING

Commencing Wednesday, November 10th, 1965, at 8:00 p.m.

ROBT. N. THOMPSON
National Social Credit Leader

"Canada's greatest need today is responsible representation in Ottawa, to provide leadership in domestic and international policies. SOCIAL CREDIT policies mean progress - just look at Alberta!"

The achievement of responsible representation will require an entirely new political approach on the part of all Canadians who care about their country and its needs. This approach is to be found in the principles advocated by the Social Credit party, successfully proven in Alberta, and readily adaptable to Ottawa.

SIR ALEXANDER MACKENZIE'S CANOE TO RETRACE ROUTE OF VOYAGEURS

Guy Randall, President of the Mackenzie Days Adventure Tours, has announced the intention of his group to enter the Centennial Canoe Pageant which will retrace the route of the voyageurs from Rocky Mountain House to Montreal.

The crew of ten men and a dog plan to make the trip in a replica of Sir Alexander

Mackenzie's canoe, 26 feet in length with a 5½ foot beam. Previously this craft and its crew led a flotilla of boats in a re-enactment of Sir Alexander Mackenzie's 1793 trip up the Peace River on his quest for the Pacific Ocean. In 1966, they plan to retrace Mackenzie's course of 1789 from Fort Chipewyan to the Arctic Ocean.

Weather Lowers Crop Quality

In its final crop report for the season the Alberta Pacific Grain Company says harvesting is now virtually completed in Alberta except for a comparatively small area in the vicinity of Calgary where rain on October 8th caused some delay. Good progress has been made in this area during the past week and operations should be completed in a few days.

The overall volume of Alberta's crop is considerably above average but the quality has been greatly reduced by the very adverse weather which persisted throughout the month of September.

The average yield per acre is as follows: Southern Alberta - wheat 30.8, oats 60, barley 48.5, flax 17.3 and rye 24.5; the central area

from Red Deer to the Saskatchewan border north as far as Forestburg and south to Drumheller - wheat 19.7, oats 38, barley 28.7, flax 11 and rye 17.5; the northern area north of Red Deer and north east of Edmonton - wheat 26.8, oats 48.4, barley 31.8, flax 14.7 and rye 24.2; the Peace River district - wheat 21.3, oats 30.2, barley 25.6, flax 9.7 and rye 16.6.

The Dominion Bureau of Statistics September forecast of 1965 production of principal field crops in Alberta is as follows: Spring wheat (including Durum) 165,000,000 bushels; oats, 104,000,000 bushels; barley, 120,000,000 bushels; rye, 4,600,000 bu-

shels and flax seed 6,000,000 bushels.

If you think you don't need disability insurance, you haven't seen the statistics.

Of 1000 persons aged 35, 33% will be disabled by illness or injury—for three months or more—before they reach age 65. That's what the statistics show.

What kind of statistic will you be?

It makes sense to look into a Manufacturers Life Personal Income Protector Plan. Nothing can give you such peace of mind as the sure knowledge that if you are disabled and cannot work, a guaranteed income will come your way.

Our Plan has many advantages. It offers you a wide flexibility in amount of income and the length of time it will be paid. You can co-ordinate the plan with your other resources; tailor it to your needs and your pocketbook. Manufacturers Life cannot cancel the policy nor can your premium rate be raised—ever. The plan can be adjusted to correct the inadequacy of any short-term coverage you already have.

If you are interested, call the Man from Manufacturers. When advising you on disability income he offers you the same competent counsel available to you when you are planning your life insurance security.

FIRE DESTROYS HOME

At the ladies meeting of the Hoot Owl Community League we learned of Mike Yasinchuk's house burning to the ground on October 20th at 10:30 a.m.

There is a large family of six children and as they lost nearly all their possessions, the Hoot Owl Club decided to hold a fire shower for them on October 21st in the hall. They have found a house to live in and we hope to get beds, blankets, clothing and furniture to help them out.

Editors Note: The shower has since been held and Mrs. Schenk reports that a large

By Mrs. Schenk

number of people attended and provided a large quantity of household items and clothing.

Mrs. Schenk also noted that a benefit tea for the Yasinchuk family was to be held in Entwistle.

Mr. and Mrs. A. Schenk had as their guest their dau-

ghter, Mrs. Faye Paskko and granddaughter, Briar recently.

Sigrid Chambers was rushed to hospital in Drayton Valley Tuesday night, October 19th about 8:30 p.m. when her baby daughter was born. We hope she is progressing satisfactorily.

Recent visitors at the home of Mr. & Mrs. Albert Schenk were Mr. & Mrs. Roles and three children of Veteran Mrs. Roles is a niece of Mrs. Schenk.

A.A.R.N. Meeting

Ten members met Wednesday, October 13 at the Nurses Residence. September minutes were adopted as given. The treasurer gave an up-to-date report of finances.

A letter from head office indicated that in reviewing our bylaws two of these needed adjustment. Both motions were passed in rewording the bylaws to more suitable meaning.

H. Dahl gave a report on "What is, and the purpose of the Canadian Nurses Foundation".

M. DeCicco, our president had attended the meeting on September 17th at which our local ministers and professional men met with Mr. Storch of the Edmonton Family Family Service Bureau and Rev. B. McPherson of Edmonton to discuss a possible pre-marital counsel service for the younger citizens in this area. As some of our members were familiar with this type of service an interesting discussion arose on the topic. It was felt by the members present that we would give encouragement to such a programme as some sort of pre-marital counselling seems needed in this community.

The publicity and programme committees reported that posters were up in the local hospital and in the "Bay" regarding the Chapter Rally. The "program" was circulated among the members present. Ten members planned to attend.

Following coffee and lunch those present rehearsed the planned entertainment for the Rally at Edson.

Two thirds of all children who die in fires die at home. Always use a good baby sitter.

the cat and the fox

A fox was boasting to a cat one day about how smart he was. "The hunters' dogs will never catch me," he bragged, "I have at least a hundred clever plans for escaping them!" "I have only one plan," said the cat, humbly, "I wish you would teach me some of your clever tricks." Just then they heard the yelping of dogs. In a flash the cat was up a tree. "This is the trick I told you about," she called down to the fox, "my only

one. Which of your plans are you going to use?" But before the fox had time to think which plan he should use, the dogs were upon him.

The moral of the story is: One good plan that works is worth a hundred doubtful ones.

M.S.I. is a perfect example of a simple, commonsense plan that works well. Known and trusted for nearly eighteen years, M.S.I. has become a household word in Alberta for prepaid medical care. It is a voluntary and democratic institution created by Alberta doctors in a spirit of cooperation to meet the special needs of Albertans.

Year by year, M.S.I. has widened the scope of its coverage. Today this coverage includes all doctors' calls, whether at the patient's home, in the doctor's office or at the hospital, wherever the patient may be; surgeons' and anaesthetists' fees; diagnostic procedures and maternity services.

At the same time, M.S.I. has steadily reduced the cost of its administration. Now, less than eight cents of each subscriber's dollar goes for administration costs. More than 700,000 Albertans, or nearly half the population of the province, now enjoy the protection of M.S.I.

M.S.I. is the best and cheapest medical care coverage.

MEDICAL SERVICES (ALBERTA) INCORPORATED Head Office: Edmonton
Branches: Calgary, Lethbridge, Medicine Hat, Grande Prairie

Nurses Attend Rally In Edson

Ten nurses from Drayton Valley were fortunate to arrange to attend the rally which included members from the Edson, Hinton and Jasper chapters. The weather was wonderful and the day well planned. The only drawback was that many active members from the chapter areas were kept away by other commitments.

On arrival at the Evergreen School at 1:30 p.m. we registered (\$2.00) and met other nurses during a coffee party which Edson hosted. This was followed by an official welcome from Mr. Mead, acting mayor of Edson in Mr. Brunelle's absence.

As Miss L. Tod was unable to attend, Miss M. Staves gave the prepared speech on "Staff Associations". Although not all of many questions asked, were answered; considerable knowledge was gained regarding the acceptance, the progress, and the problems of "Staff Associations in Alberta.

Director of nursing, U. of A. Hospital, and a Vice-President of the A. A. R. N., Miss M. G. Purcell spoke on the new trends in nursing education. Two of the highlights of her topic were (1) the 4 yr. B.Sc. Programme being instigated in 1966 and (2) a proposed 2-year diploma programme.

The film, "Mrs. Reynolds needs a Nurse", brought to mind the many nursing problems arising in dealing with some patients and how to attempt to overcome them.

Prior to supper, Miss Staves gave an explanation of and showed diagrammatically the new structural design of the A. A. R. N. as proposed following a study by the firm of Kellogg-Stevenson. Part of this plan calls for a dividing of the province into 5 zones with representation from each zone which should provide for better communication than at present. There is also a proposed change in the present status of active and associate membership. These are only a few of the proposed changes which will affect those nurses.

now inactive, or associate and those active. The active nurses will be the ones with voting powers and who will be elected to be a representative.

Following an enjoyable banquet in the Commodore Hotel Mr. D. LaBelle spoke on Public Relations, outlining ways of promoting your activities via T.V., radio and press.

To close the days activities Edson and Drayton Valley members provided some "light entertainment". Edson presented a short skit depicting a "Family Crisis" which we hope never occurs when we need a doctor. We, from Drayton, attempted to do a bit of promoting of "Klondike Kampers Karnival" in the

form of "action singing". "Old Dan Tucker" was lucky enough to keep his original song but "Oh Susannah" and "K-K-Katy" were slightly altered to suit our purpose.

In closing this report I would like to say it was a day well spent and perhaps more rallies of this type would bring us needed information about the A. A. R. N. but - only if we give them our full support.

Mexico's government has announced a new program to give more technical and economic aid to agriculture. The policy emphasizes use of wheat for livestock feed. Some reduction in Mexico's wheat exports may occur.

SPEAKERS:

*Hon. R. H. McKinnon, Minister of Education

*Ed. L. Weisgerber, Social Credit Candidate for Jasper-Edson

EVERY BODY WELCOME

authorized by Jasper-Edson Social Credit Association

It's easy to buy 1965 Canada Savings Bonds.

Just walk in and say:
"I want some Canada Savings Bonds."

No one will act surprised. They'll smile, nod and give you an application. It's a very simple form. You fill in your name, address, and who you want registered as the owner. Then you choose the amount you want to buy—from \$50 up (the limit is \$10,000 per person).

A couple of signatures later, and you're all set. Quick. Simple. Friendly.

And you get bonds which pay you an average annual yield of 5.03% when you hold them to maturity. Of course your bonds are instantly cashable any time for their full face value plus earned interest.

Who sells them? You can get yours on the Payroll Savings Plan where you work—or from your bank, investment dealer, stock broker, trust or loan company.

Walk in this week and buy some. Cash or terms, Canada Savings Bonds are a great way to save.

Ceremony Starts Centennial Project

At a ceremony which took place recently at the Legislative Building in Edmonton, the first major milestone in the completion of Alberta's major Centennial project, the Centennial Museum and Archives, was passed with the signing of a contract for construction of the \$5 million first phase of the project.

Signing the contract were the Hon. F.C. Colborne, Minister of Public Works, the Hon. Ambrose Holowach, Provincial Secretary and Chairman of the Alberta Centennial Committee, and a representative of the contracting firm.

The project is one of ten Centennial projects, of which one half the cost is being borne by the Federal Centennial Commission and one half by the provincial governments concerned. Wherever possible, these projects are being constructed in the provincial capital.

Basic objective is to establish a free public museum which will portray and preserve the natural and human history of Alberta and provide related educational services. Object of the archives is to assemble and preserve significant historical documentary materials of Alberta.

MAIN PURPOSE

Main purpose of the establishment will be to increase public knowledge, wise use and enjoyment of the province's natural and social heritage.

With the recognition that a project of this significance should be carried out on a level of high quality, architecturally as well as functionally, the former site of Government House in Edmonton was chosen as the location for the museum.

This 13½ acre site is adjacent to natural surroundings, close to public transportation, has a commanding view of the river valley, is free from natural hazards and has ample room for parking and exterior displays. The site also allows for extensive future expansion of both museum and archives, and has the additional value of being of historical interest itself.

It was decided to maintain the old mansion, currently being used as a veterans' hospital, as part of the museum. The building is physically sound and is one of a few dignified older pieces of architecture in Alberta.

A detailed study of the program of accommodation provided by the museum consultant of the Provincial Secretary's Department was initiated by the Department of Public Works. The functions and inter-relationship of the various departments of the museum were clarified and from here a traffic pattern of public and staff movements was developed. Exhibition areas can be utilized in conjunction with the public facilities, which include an auditorium, cafeteria and lecture rooms. These functions may also be used independently.

FACT-FINDING TOUR

Personnel from the Provincial Secretary's Department and the Department of Public Works were sent on a fact-

finding tour of museums in Canada and the Eastern United States. Detailed information was gathered and museum people interviewed provided much valuable information from their own experiences in building up and running a museum.

Based on this preliminary analysis, an architectural concept was developed. It was agreed that the greatest attempt should be made to preserve the dignity and serenity of the site and keep as many as possible of the present trees and plantings intact. The solution to this was to bring the visitor directly to the heart of the site before entering any building. With the main entrance facing a small plaza, which in turn is defined by the buildings, a degree of intimacy and friendliness is brought about.

Architectural treatment, both externally and internally, reflects a concern for clarity and the balance of masses and proportions. A sense of scale has been sought with the effect of light and shadow and applications of various textures. The use of sculpture and relief work serves the same purpose, as well as a means of preserving and recording visual images relating to the history of Alberta.

An enthusiastic program of objectives and displays has been undertaken by the Museums Branch Department of the Provincial Secretary for Alberta's Official Confederation Memorial Project.

SPECIMENS COLLECTED

Display galleries are being planned and historical objects, documents and natural history specimens are being collected. Through displays arranged in story sequence, the history of trades, professions, daily lives, creative and religious activities, and regional stories will be presented. The archives will contain collections and arrangements of documentary materials on the history of Alberta.

Besides the expected displays of featuring Indian artifacts, exploration, fur trade, settlement and agriculture, the

museum will also show several aspects of early industry and commerce.

Daily life in the home and the community is to be portrayed. A special room will highlight the special features of the many ethnic groups in the province. Religious life, creative activities, prominent people, communities, regions, military organizations and firearms will all be subjects for displays.

Extensive exhibits of Alberta's history in the field of communications, transportation, government, politics and organizations have also been planned.

RECONSTRUCT PAST

A series of reconstructed rooms, shops and offices will cover a wide area of interest. School rooms, business and professional offices, a settler's cabin, blacksmith shop, saddlery shop, movie theatre, newspaper office, and period living room, bedroom and kitchen displays, plus several other will be feathered in this area.

Natural history displays will provide extensive coverage with collections and information on rocks, fossils, insects, birds, mammals, minerals and plants.

W.I. Holds Meeting

At the October meeting of the Women's Institute their Hallowe'en bake sale and sale of aprons was planned. The W.I. Girls Club will also have a table at this event featuring candy and baked goods.

Mrs. Debby and Mrs. Oscar reported on the centennial project.

Gifts will be sent to two members in hospital.

The W.I. ladies will serve the buffet supper at the masquerade ball in the Elk's Hall on Friday, October 29th, which is to be cooked by the ladies of the Legion Auxiliary.

Roll call was a penny for every number in the members birth date.

Roll call for the November meeting will be new Christmas cards and postage for patients in Oliver hospital.

Emotional problems in the home getting you down? Arguments and differences of opinion that grow and grow? There is a free pamphlet entitled "Needlepoints" which discusses the every day tensions in a woman's life, and how to handle them. Write to the Canadian Mental Health Association, 618 Revillon Building, Edmonton.

Lodgepole News

MRS. W. NORQUAY
Correspondent

Mr. & Mrs. J. Oswald and their daughter, Jackie, came from Leduc to visit with Mr. & Mrs. R. Knapp and family last Sunday. Reg and Edith were really surprised to see them. They were all looking good. Jackie is a real grown up young lady now. Jack is caretaker of the School at Leduc.

Mrs. J. Tindall from Wildwood has been visiting with her daughter, Mrs. Lypkie who is cook for the Department of Highway's camp, working on the road East of Lodgepole. Mrs. Lypkie had her son, Camerson Lypkie and Joan from Edson visiting her here at Lodgepole Sunday.

Mr. Roy Mundorf and Mr. John Zukowski and Mr. Ed Moisey went duck hunting up around St. Paul. They all got their ducks. Mr. LeRoy Russell won \$15.00 on the baseball pool in Lodgepole a short while ago.

The Department of Highways are finished the Lodgepole road and are moving today. They will be working around Speed Corner.

Mrs. J. Tindall has been visiting with Mrs. Norquay too. It sure has been nice to see her again. Both Bill and I have known her and Mr. Jack Tindall for quite awhile now.

Mr. George Chodak took Mrs. J. Tindall and Mrs. C. Lypkie and Mrs. Norquay to the Bingo Tuesday night. Here is a list of the winners:

1. Mr. G. Chodak, 2. Mrs. R. Knight, 3. Mrs. Reg Knapp, 4. Mrs. J. Tindall, Mrs.

E. Proehl, 5. Mrs. R. Knight, 6. Mrs. C. Lypkie, 7. Mr. G. Chodak, 8. Donna Elliott, 9. Mrs. C. Lypkie, 10. Mrs. W. Norquay, 11. Mrs. R. Mundorf, Free Pass - Donna Elliott.

We all hope there will be more of a crowd next week.

U.C.W. are holding their Bazaar on the 23rd of November at the Community Hall. There most likely will be notices out by that time. They are having a tea, bake sale, candy bar and sewing.

The U.C.W. would like some more members. Anyone who is interested, please ask Mrs. E. Proehl about joining.

Last weekend the Scouts went on a camping trip about 3/4 of a mile north of Mr. Danny MacDonald's farm. The bus to carry the boys was donated by Mr. G. Schmidt who took them there and brought them back. A very good time was had by all. They are all looking forward to next year. All send their thanks to Mr. Schmidt.

Mr. and Mrs. Henry Elliott celebrated their 21st wedding anniversary on October 15th. Their daughter Leona and her husband, Walter, came out from Edmonton for the weekend. They all had a wonderful time.

NEW LAB OPENED

The Lethbridge Veterinary Laboratory was officially opened by the Hon. Harry E. Strom, Minister of Agriculture, on October 13.

The attractive modern one-storey building was built to extend the services of the Edmonton Laboratory and represents the first regional or branch unit.

The Lethbridge Laboratory is basically a diagnostic laboratory equipped and staffed to provide modern and complete services. There are post-mortem facilities for all livestock and poultry which are supported by microbiology and histopathology sections. It is anticipated that 80 per cent or more of the submissions will receive a complete examination at Lethbridge.

Other facilities include administration and media preparation sections, animal holding, washing and sterilizing equipment, refrigeration and low temperature storage, an incinerator, library and

Providing & maintaining Alberta's public buildings

Operating a growing province like Alberta is a big business, a business that entails administration, education, hospitalization and recreation. Providing and maintaining the hundreds of public buildings with the required specialized facilities for these activities is the task of the Department of Public Works.

In the past decade this Department has carried out or supervised the construction of a building program of more than \$210 million. By far the greater proportion of this program has been of direct benefit to Alberta's citizens. In the field of education, twenty large new buildings have been erected for the University of Alberta campuses at Edmonton and Calgary. The Northern Alberta Institute of Technology and the current expansion at the Southern

Alberta Institute of Technology are two further examples of public buildings for the improvement of Alberta's education facilities. Extensive building has been carried out at the Alberta Hospitals in Red Deer, Claresholm and Ponoka. \$16.5 million has been spent on the construction of senior citizens' homes throughout the province. Alberta's two Jubilee Auditoriums are excellent examples of the growing appreciation Albertans have for cultural activities.

Design and construction of public buildings are carried out by private concerns except in those cases where it is in the public interest for the Department's own architects and engineers to carry out the construction.

in the finals dropping 3 games to one win in a best of 5 final. In tournament play during the summer the club was successful in taking home money in 3 out of 5 tournaments entered. Third money at Whitecourt; First money at Warburg; and split first and second money at Winterburn.

Next season the club hopes to be playing in the new Lions Club Recreation Park. This Ball Park will be one of the best in Northern Alberta when it's finished.

This Sunday, October 31st, it is planned to move the out-field fence from Woods Field to the new park. Mr. Barnes asks that all the ball players from this past season turn out Sunday afternoon at 1:00 p.m. to help move the fence. With lots of help this won't be much of a job. Also there is a season end meeting and financial report Thursday night at Meir's Insurance office at 8:00 p.m.

N.D.P. PLANS MEETING

One of the "old guards" of the NDP, Stanley Knowles, the sitting Member of Parliament for Winnipeg North, is scheduled to address a rally at Entwistle at 2:00 p.m. on Thursday, October 28th. He will speak in Edmonton that same night.

The general public knows Mr. Knowles best as an outstanding authority on parliamentary procedure. Whenever House of Commons is to have a permanent speaker, the name that is most commonly put forward by members of all poli-

tical groups is that of Mr. Knowles.

While possibly not as famous for debating ability as his NDP leader, Mr. Knowles is greatly respected in the House of Commons by his political adversaries.

Dr. Peter Cohen, Jasper-Edson NDP candidate in the forthcoming federal election, will also speak briefly at the meeting. It is expected that many people from many points in the riding will arrange to attend this rally.

CENTENNIAL RACE PLANS ANNOUNCED

At an official reception for the Centennial canoe teams in the LaSalle Hotel, in Kingston, Ontario, Robbins Elliot, special assistant to John Fisher, chairman of the Centennial Commission, announced that the Centennial Canoe Pageant in 1967 will start in Rocky Mountain House, and will run 3500 miles to Montreal.

Mr. Elliott read portions of a letter he had received from the Alberta provincial secretary, Hon. Ambrose Holowach, expressing Alberta's reasons for suggesting Rocky Mountain House as the starting point. Among those listed were the significance of the town in establishing the fur trade, the excitement that this portion of the route will instill in the race, and the ability of the citizens.

Christmas in October?

It may seem unreasonably early, but we are urging patrons to come in now and pose for CHRISTMAS PORTRAITS. It's one gift you cannot rush out and purchase at the last minute, because good professional portraits cannot be hurried. And because the do take time and extra special care. Few gift choices for Xmas are as warm hearted and loving and truly welcome. TELEPHONE TODAY FOR AN APPOINTMENT.

LUTHERAN W.A. MEETS

Sixteen members met in the church basement October 21st for the monthly meeting of the Ladies Aid. We welcomed one guest, Mrs. Angela Sewada.

The Ladies Aid at this time decided to discontinue our regular meetings but will conduct a series of Bible topics from the Adult Instruction Manual, "What Does the Bible Say".

All are welcome to attend these meetings. Our next meeting will be Nov. 18th.

The Ladies Aid also wishes to announce that our Fall Bazaar and Bake Sale slated for November 5th has been cancelled.

The Lutheran Women's Missionary League will meet Thursday, October 28th with our guest speaker being Dorothy Felski from Leduc, who was a delegate to the Convention in California. She will present the hi-lites and film strips will be shown.

All are welcome to attend. Lunch will be served.

NOTICE

Due to cost increases in our operations, effective Monday, November 1, 1965, the following firms will increase their hourly rates 50¢ per hour for shop and portable field welding:

THE RT. HONOURABLE
JOHN DIEFENBAKER

HUGH HORNER, MP

THE PARTY- PROGRESSIVE CONSERVATIVE

THE REASONS-

John Diefenbaker, from 1957 to 1963, gave Canada honest, intelligent leadership. Positive policies were implemented for agriculture, national parks, small businesses, northern development, and for individuals.

Since 1958, Hugh Horner has given Jasper-Edson interested, effective representation in Ottawa.

Re-elect the Progressive Conservative team and revive progressive action in western Canada.

CARD OF THANKS

We wish to thank all our neighbors and friends for their kindness and thoughtfulness during our recent bereavement on the loss of our father and grandfather, Mr. W.R. Moore of Fort Saskatchewan.

Evelyn and Ken Astle and family.

To our many kind and loyal friends in Lodgepole and Drayton Valley we wish to extend our sincere and heartfelt thanks for the flowers, phone calls, cards and many comforting letters. The letters and cards will be cherished and read so many times in the lonely future to help us bear the loss of husband and father. Without our sympathetic friends in Lodgepole it would be unbearable. Tried to answer each one but if we missed, we hope you will read this and will know how much it has meant to us in our great loss. Sincerely, Mrs. Lillian Goodheart, Melvin, Jerry, Louise and family and Don and family.

NOTICE TO CREDITORS AND CLAIMANTS

In the Estate of GEORGE DEVEY, late of Easyford, Alberta who died on the 29th day of June, 1965.

TAKE NOTICE that all persons having claims upon the estate of the "above" named must file with THE UNDERSIGNED by the 24th day of November, 1965, a full statement of their claims and of securities held by them.

Public Trustee, Administrator of the estate of George Devey, deceased, 10405 - 100 Avenue, Edmonton, Alberta.

CENTENNIAL GRANTS

It has been announced by the Honourable Ambrose Holowach, Provincial Secretary for the Province of Alberta and Chairman of the Alberta Centennial committee, and by the Honourable Maurice Lamontagne, Secretary of State and federal minister responsible for Centennial affairs, that both federal and provincial approval has been granted to five Alberta communities for their applications for Centennial Grants.

The Village of Lavoy will rebuild a Centennial Wing on their existing Community Hall, aided by a waived grant from the county of Minburn.

The Municipal District of Westlock will make improvements to a park at Long Island Lake.

In the village of Warburg, a tot park will be erected; the village of Hairy Hill, assisted by a waiver of grant from the Municipal District of Two Hills, will create a children's playground; and the village of Longview will erect a Centennial Park.

The Province of Alberta now has 50 Centennial projects underway under the Federal-Provincial Grants Program, to which the provincial government has contributed to date \$787,473.19. The federal government's share is \$807,553.19, while the municipalities involved are disbursing \$3,308,217.20.

Communities planning a centennial project are reminded that the deadline for submission of applications for Centennial grants is December 31, 1965. Enquiries regarding provincial centennial grants should be addressed to R.D. McLean, Director of Centennial Programs, Legis-

lative Building, Edmonton. Provincial Centennial Officers will assist communities in the preparation and forwarding of applications, and provide liaison between Centennial organizations throughout the province and the Provincial Government.

CANADA SAVINGS BONDS

Calgary is leading Alberta municipalities with the highest total sales of Canada Savings Bonds in the Province with Edmonton running a poor second.

Figures released today revealed that by last Friday, Calgary had bond sales of \$387,650 compared to Edmonton's \$285,000.

Sales of Canada Savings Bonds across the Province are slightly up over the same period last year, although there were about 500 fewer applications.

Twenty-seven centres reporting throughout the province recorded total weekly sales of \$901,300 for a total of 1031 applications. Sales for the same period of 1964 were \$849,600 for 1522 applications.

Lethbridge is third in total sales to date and has more than doubled its sales for the same period in 1964 to \$67,550.

Taber leads the smaller Alberta communities with sales of \$13,100 up \$2000 from the previous year.
